

**CAPITAL UNIVERSITY LAW SCHOOL
LIFE CARE PLANNER CEU EDUCATION
-CONTINUING EDUCATION UNITS-**

Please note that any of the Modules can be taken individually for CEU credit towards your CLCP continuing education requirements.

Capital University Law School's Online LCP program is a distinctive blend of an online classroom format with direct communication between the faculty and students. Our LCP program offers an interdisciplinary approach which affords the student the opportunity to gain necessary skills for developing a life care plan and to explore how your life care planning skills can be utilized in the legal environment. This unique online program commingles the legal and medical aspects of the LCP profession, and teaches hands-on, competency-based deposition and trial practice skills which are essential to your success as an expert witness. The curriculum is the only one of its kind that includes a comprehensive medical research module in addition to appearing in our state-of-the art courtroom to defend your own life care plan before practicing attorneys, a judge and jury during direct and cross examination.

CHCC has approved each of the following modules for CEU credit towards your CLCP requirements. You may take any of the following modules for CEU credit only.

Simply contact mnenni@law.capital.edu to register or obtain more information.
